

ULTIMATE ORNAMENTAL PROGRAM

Nutrient Program for Annuals, Perennials, Trees, and Shrubs

The Ultimate Ornamental Package is made of a synergistic blend of Foliar-Pak products specifically designed for trees and ornamentals. Apply every four weeks or as needed.

Foliar-Pak® Bio 12-6-6 | 1 gal per 100 gal

Bio 12-6-6 promotes rapid root growth and provides long-lasting color. It also helps to maximize the use of foliar and soil nutrients and provides bioactive ingredients which improve microbial activity and reduce fertilizer requirements.

Foliar-Pak® Chloroburst L | 0.5 - 1 gal per 100 gal

Chloroburst L treats the most common micronutrient deficiencies in turf and landscape sites. It is a premium blend of specialty chelated iron, manganese, and zinc for soil application. These nutrients remain plant-available even in soil pH levels up to 10.

Foliar-Pak® Colonise® Bio LTO | 1 gal per 100 gal

Colonise Bio is a highly specific blend of live biology, carbon sources, and nutrient enhancers. It contains Armament®, AminoPrecise®, and Colonise technologies to target better rooting, nutrient uptake, plant resilience, and turf playability.

— OR —

Foliar-Pak® Grow-In | 2 gal drench solution per 100 gal

Grow-In is an all-in-one product designed to help trees and ornamental plants flourish. It is easy to use and effective for plant maintenance and establishment.
